Enact Good Samaritan Policies.

Many students are afraid to call for help in overdose situations for fear of punitive policies. Good Samaritan Policies can help save lives by granting immunity to underage students who call the police or an ambulance for help.

Find out if your University has a Good Samaritan Policy, visit ssdp.org to learn more.

DON'T SHOOT THE MESSENGER.

Calling for help in an overdose situation shouldn't lead to punishment.

Many students are afraid to call for help in overdose situations for fear of punitive policies. Good Samaritan Policies can help save lives by granting immunity to underage students who call the police or an ambulance for help.
